Exclusive Distributor of  
Sunflower Cooking Oils

From Ukrainian Fields to Your Family's Meals

**GLOBAL TRADING AB**

Framhällagatan gatan-5 21230 Malmo, Sweden

[www.globerec.com](http://www.globerec.com)

# MD's Statement

Dear Valued Customers,

Welcome to **GLOBAL TRADING AB**, as the exclusive distributor of Ukrainian cooking oils, we are committed to delivering health and excellence to kitchens worldwide. Our premium sunflower, rapeseed, soybean, and corn oils are crafted in state-of-the-art partnered production facilities, ensuring purity and nutritional value. Sunflower oil, our flagship product, is rich in Omega-9 and Vitamin E, offering versatile uses and exceptional quality. Guided by innovation, sustainability, and customer satisfaction, we aim to build lasting relationships based on trust and transparency. Join us on a journey toward a healthier and more sustainable future.

Warm regards,

**Amin Rashid**

# About Us

**Exclusive Distributor of Ukrainian Cooking Oils.** We represent a coalition of eco-friendly Ukrainian farms, specializing in sunflower, rapeseed, soybean, corn, and high-oleic sunflower oils. Using advanced technology, we produce high-quality crude and refined oils for industrial, retail, and HoReCa markets. Our certified labs ensure rigorous quality control, meeting international standards. From cultivation to delivery, we oversee every stage in modern Ukrainian facilities. With warehouses in Ukraine, Poland, and France, and operations managed through European offices, we deliver excellence at competitive prices.

# Farming

Sustainable and Reliable  
Grain & Oilseed Suppliers

Our eco-friendly Ukrainian farm alliance ensures a stable raw material supply and competitive pricing. Sustainability drives us—combining traditional tillage for weed control with no-till methods to reduce erosion and retain water. We cultivate sunflowers, corn, soybeans, and canola, tailored to diverse conditions. Sunflowers thrive due to their resilience, while corn benefits from careful management. Quality assurance is integral at every stage, adhering to strict standards from planting to product delivery, guaranteeing premium grains and oilseeds for our customers.

# Storing

**Efficient and Advanced Seed Processing & Distribution.** Our production plants and partners operate certified silo systems across five Ukrainian regions, ensuring seamless procurement, storage, and processing of sunflower, rapeseed, and soybean seeds. Equipped with advanced technology for cleaning, drying, and shipping, our facilities maintain peak product quality with temperature, humidity controls, and rigorous checks. Strategically located warehouses near production areas enable cost-effective, timely deliveries by road and rail. With a commitment to excellence, we ensure efficient domestic and international distribution, setting a high standard in the industry.

**FROM THE UKRAINIAN  
FIELD TO INTERNATIONAL  
MARKETS**

# Processing

## **Trusted Exporter of Premium Oils.**

We partner with leading Ukrainian manufacturers to export high-quality crude and refined sunflower, rapeseed, and soybean oils. **Advanced oil extraction plants use state-of-the-art processes, including mechanical pressing and refining techniques like degumming, neutralization, bleaching, and deodorization, ensuring purity and excellence.** Strategically located warehouses in Poland and the EU enable efficient road and rail distribution, ensuring timely deliveries while minimizing costs. With cutting-edge R&D and strict quality control adhering to international standards, our products consistently meet the highest benchmarks for safety and innovation.

# Bottling

**Versatile Exporter of Premium Cooking Oils.** We export refined sunflower, rapeseed, and vegetable oils, including custom blends, ideal for retail and private labeling. Products range from 850ml to 20L, while HoReCa-specific high-efficiency frying oils (5L–20L) meet professional kitchen demands. We offer bespoke private labeling and branding solutions, collaborating with clients to meet unique needs. Our high-quality oils and tailored services cater to both retail chains and small catering businesses, ensuring premium products that elevate culinary creations. Count on us as your trusted partner in the cooking oil industry.

# Consuming

**Premium Vegetable Oils for All Culinary Needs.** As exclusive distributors, we provide refined and deep-frying vegetable oils that are versatile, healthy, and long-lasting. With a neutral flavor and high smoke point, our oils suit a variety of uses, from sautéing to grilling. Flexible packaging options, ranging from retail-sized bottles to bulk containers, meet the needs of importers and distributors. Customizable labeling ensures alignment with your brand identity. Designed for both consumer and professional markets, our oils deliver consistent quality and convenience, making them the ideal choice for modern kitchens.

# Certificates

## Commitment to Quality & Safety

Each production batch from our supplier's manufacturing plants holds prestigious certifications, reflecting our dedication to excellence:

- **ISO 9001:** Ensures adherence to quality management practices.
- **ISO 22000 & FSSC 22000:** Guarantee compliance with international food safety standards.
- **SGS:** Recognized for rigorous testing and certification.
- **Halal & Kosher Certifications:** Meet Islamic and Jewish dietary requirements.
- **IFS (International Food Standard):** Demonstrates high food safety and quality standards.

Our certifications ensure consistent quality and safety at every stage of production.

# Consumer Market

Global Supplier of Premium Oils We export sunflower, rapeseed, and soybean oils to Europe, the Middle East, and Asia. As an exclusive distributor, we serve consumer markets and B2B channels, including wholesalers, distributors, and industrial processors, delivering high-quality oils for diverse applications.

Eliminate phospholipids, which can lead to emulsification problems

## 2. Neutralization

---

Eliminate free fatty acids (FFAs) that can cause off-flavors and compromise oil stability

## 3. Bleaching

---

"Eliminate pigments, oxidation products, and trace metals that impact the color and stability of rapeseed oil

# Manufacturing Process Of Refined Sunflower, Corn, Rapeseed And Soybean Oil

## 4. Deodorization

---

Eliminate volatile compounds that cause off-flavors and odors

## 5. Winterization

---

Eliminate higher melting point triglycerides that can cause cloudiness in rapeseed oil at low temperatures

## 6. Final Product

---

Final product from the fields of Ukraine to your pantry.

# Bulk & Bottled Delivery

**Exporting Premium Oils from Ukraine.** We provide unrefined and refined sunflower, rapeseed, corn, and soybean oils, produced with advanced technology for superior quality. Bulk transport options include 24 Mt tank trucks or 20 Mt flexi bags in 20-ft containers. For bottled oils, specialized trucks can carry up to 22 Mt. Our sustainable logistics ensure full supply chain control, from processing to delivery.
